As one remedy to enforce such rights, **We** may require **You** to take the **Vehicle** back to such facility for follow-up repairs.
- If **You** allow any person to perform repairs to a covered part without the approval of the **Administrator**, **You** must first exhaust all of **Your** rights and remedies against the such person with respect to such repairs, if they are performed in a faulty manner or otherwise cause a subsequent **Failure** to occur.

WHAT YOU MUST DO TO KEEP THIS SERVICE AGREEMENT IN EFFECT

As a condition precedent to the obligation of **Administrator** to repair or replace covered parts or components, the Service Agreement holder shall have complied with all Terms and Conditions of the Service Agreement, including specifically, but without limitation, the requirements for maintaining the **Vehicle**.

1. **You** must service and maintain serviceable, covered parts according to the Manufacturer's recommendations for new vehicles.

Most Manufacturers have separate required maintenance schedules for "normal" and "more severe" operating conditions. Most vehicles today are operated under the "more severe" conditions which require more frequent maintenance, including shorter (3,000 miles) oil and filter changes and transmission fluid changes. All operating conditions require coolant changes at 30,000 miles. Other maintenance requirements are listed in **Your** owner's manual.

2. **Be sure only the proper high quality grade of lubricants and coolants as recommended by the Manufacturer are used in Your Vehicle.**
3. Damage caused by inadequate fluid levels is not covered by this Service Agreement. Check **Your** fluid every 300 miles or when refueling.
4. **You** are responsible for taking immediate corrective action to repair, at **Your** expense, engine lubricant leaks and engine coolant leaks discovered in the course of any oil change or at any other time.

NO CLAIMS WILL BE PAID WITHOUT PRIOR AUTHORIZATION

5. **You** must refrain from altering, tampering with, or replacing the vehicle identification number (VIN) or the odometer of **Your Vehicle**. If for any reason the odometer fails to work as intended, **You** must immediately have it repaired at **Your** expense.

Keep all Your Maintenance Receipts and Repair Orders – Proof of proper maintenance may be required for certain repairs under this Service Agreement.

If **You** fail to perform any of the above conditions, this **Service Agreement** shall be null and void.

WHAT TO DO IN THE EVENT OF A FAILURE

1. If the **Vehicle** experiences a **Failure**, **You** must use all reasonable means to protect the **Vehicle** from further damage. This may require **You** to stop the **Vehicle**, turn off the engine and have the **Vehicle** towed.
2. **You** must contact the **Administrator**, at 1 (800) 599-9557, to obtain the name and location of an approved repair facility near **You**. **You** must make arrangements to deliver the **Vehicle** to the approved repair facility and present this **Service Agreement**.

The repair **facility must not commence repairs without first calling the Administrator's** Claim Department at 1 (732) 918-2478 with an estimate of the repairs and must receive a work authorization number from the **Administrator's** Claim Department.

3. The cost of any and all repairs performed by any person or repair facility prior to receiving a work authorization number from the **Administrator** will not be reimbursed under this **Service Agreement** and may void **Your** coverage under this **Service Agreement**.
4. If claim exceeds amount paid into financed; the outstanding balance may be deducted from the authorized claim payment for customers in the following states: AR, CO, D, D.C., ID, IN, KS, KY, ME, MA, MI, MS, MT, NJ, OH, PA, RI, SD, TN, WV.
5. If **You** have any questions regarding service under this **Service Agreement**, **You** should contact the **Administrator** at 1 (732) 918-2478.

REPAIR FACILITY GUIDELINES FOR CLAIMS HANDLING

Follow these steps when handling a claim:

1. Advise **Service Agreement** holder that evaluation of a **Failure** does not mean that the repair is covered under this **Service Agreement**. All covered repairs must receive prior authorization from the **Administrator**.
2. Have **Service Agreement** holder authorize inspection/tear down of the **Vehicle** to determine the cause of the **Failure** and cost to repair. Save all components, including fluids and filters, should the **Administrator** require outside inspection. Notify the **Service Agreement** holder that cost of tear down will not be paid if it is determined that the **Failure** is not covered under this **Service Agreement**.
3. Determine the cause of **Failure**, repair required and the cost of the repair(s).
4. Contact the **Administrator's** Claim Department at 1 (732) 918-2478 to get an authorization to proceed with the claim. Be prepared with the following information when placing the call:
 - a) Customer's Name and **Service Agreement** Number.
 - b) Cause of **Failure** and recommended repair.
 - c) Cost of repair(s).
5. A claims advisor will verify coverage and do one of the following:
 - a) Approve Claim – if approved, you will be given an authorization number to be recorded on the repair order. The authorized amount is the maximum that will be paid. Additional amounts must receive prior approval.
 - b) Require Additional Evaluation, Inspection or Tear Down – the **Administrator** may require an inspection prior to the repair performed. If a tear down is required to determine cause of **Failure**, **Service Agreement** holder must authorize same. Notify the **Service Agreement** holder that if the repair is not covered, then the **Service Agreement** holder will be responsible for cost of tear down. Repair facility should save all the components requiring inspection, including fluids and

NO CLAIMS WILL BE PAID WITHOUT PRIOR AUTHORIZATION

filters. The claims advisor will arrange for the inspection. If inspection is not made within forty-eight (48) hours, contact the claims advisor.

- c) Deny the claim and provide the reason for the denial.
6. Review **Administrator's** findings with the **Service Agreement** holder as well as what will be covered by the **Service Agreement** and what portion of the repair(s), if any, will not be covered.
7. Obtain **Service Agreement** holder's authorization to complete the repair(s). All repair orders must have customer's signature to qualify for payment.
8. Submit the repair order(s) that must contain the Service Agreement number, authorization number and authorized amount to the **Administrator** within thirty (30) days to the following address:
